Chennai, India

EDUCATION

Bachelor of Computer Science and Engineering

Sathyabama University

2022 – 2026

CGPA: 7.20

Don Bosco Matric. Hr. Sec. School

H.Sc. (2022)

Percentage: 48%

S.S.L.C. (2020)

Percentage: 57%

TECHNICAL SKILLS

- Python Programming
- Machine Learning
- SQL
- Data Visualization
- Microsoft Office Suite

SOFT SKILLS

- Communication
- Teamwork
- Problem Solving
- Logical Thinking

LANGUAGE

- English
- Tamil
- Telugu

CAREER OBJECTIVE

To start my career as a Data Science professional where I can apply my knowledge of programming, data analysis, and machine learning to solve real-world problems, contribute to data-driven decision-making and support organizational growth while continuously learning and developing my skills.

CERTIFICATIONS

- Honour's Diploma in Computer Application – Cyber Soft Solutions (2021)
- Digital 101 (30 Hours) – NASSCOM FutureSkills Prime (2024)
- Full Stack Development – Credo Systemz (2025)
- Data Science – Guvi HCL (2026)

PROJECTS

Integrated Risk Prediction System for Cardiovascular, Diabetic and Renal Conditions

- Developed a machine learning system to predict cardiovascular, diabetic, and renal disease risks using healthcare data.
- Built and evaluated models to enable early detection and support data-driven decision-making.

EMI Predict AI - Intelligent Financial Risk Assess

- Developed an AI-based model to predict EMI repayment risk using financial data, enabling early identification of potential defaulters.
- Applied machine learning techniques to improve prediction accuracy and support financial decisions.

PatrolIQ - Smart Safety Analytics Platform

- Developed a smart safety analytics platform to monitor and analyze patrol data, enhancing real-time decision-making and operational efficiency.
- Applied data analysis and visualization to enhance incident response and safety management.
